

WELCOME TO OUR GROWING COMMUNITY!

As we begin this new chapter in the year, we are delighted to welcome new members to our St George's College and Hartmann House family. Each new face brings fresh energy and skills that will strengthen our mission of forming young men and women for and with others.

We encourage everyone to take a moment to say hello, share a smile, and make our new colleagues feel at home. After all, community is at the heart of who we are.

A WARM WELCOME FROM ALL OF US

To our new colleagues, welcome to St George's College and Hartmann House. We are pleased to have you with us and look forward to the contributions you will make to our school communities. To our existing staff, thank you for being the supportive and committed team that makes our schools such special places to work and learn, and we encourage you to continue assisting our new staff with anything they may need as they settle in.

Here's to a year of collaboration and growth across both campuses as we continue to serve our students and live out our shared mission.
